Greentech EC EBM fans and natural defrost slash running costs against standard cabinets.

Greentech EC EBM fans

Ultra-efficient, quiet and reliable airflow, hour after hour.

Low base design

Increased shelf space, more product on display per fridge.

Support bars under shelves

Stronger shelf loading capacity for heavy stock lines.

Honeycomb air outlet

Even airflow across every level, no warm spots.

Natural defrost

No heater coils and no extra energy needed.

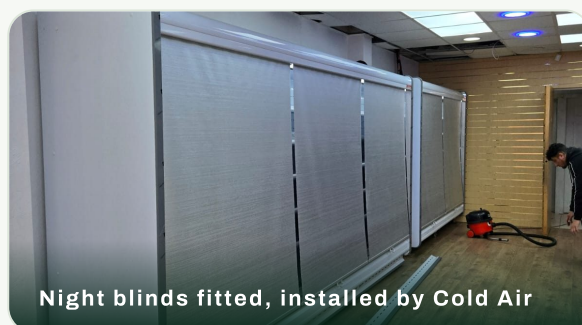

CE fire-rated cables

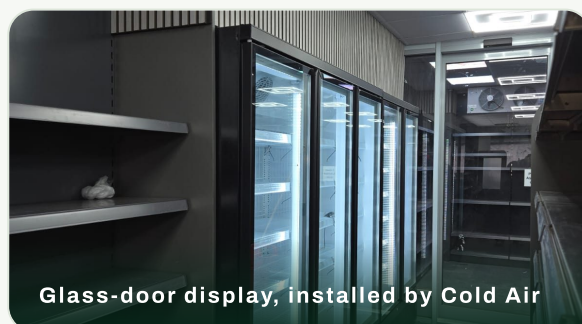

Safety built in as standard, fully certified.

BUILD & COMPONENTS

- ✓ Grade 304 stainless steel in all wet areas and the base
- ✓ LED lighting throughout the cabinet
- ✓ Electrostatic powder-coated body in RAL 7043, with colour options available
- ✓ Carel / Eliwell digital control, easy to set and precise
- ✓ Base plus 5 shelves, all with EPOS strips and Perspex risers
- ✓ Adjustable layout for stronger shelving and cleaner merchandising
